a) Please remind us of the aims of the grant and how this has been fulfilled.

The aim of this was to increase the children's knowledge of mathematics to help their development and also increase the amount of IT within the nursery. Within the nursery we now have a maths area and we have had an increase in the children's maths development by 26% over last term, it has also help the with their maths and we have been getting them to bring what they are learning back to the children in the room. Because of the computer we have increased the use of IT for the children they also enjoy joining along to the dough disco which helps with their fine motor skills this will help with the development of skills needed for writing at school. The computer has also been helpful with parents as they have the use of it for applying for school and also applying for funding. We allow the parents to use it and it gives us a chance to support them.

b) Have all the aims been met? If not, what part of the project failed to deliver (to include activity, materials or supplier) what was expected?

Everything has been met, we had to change the screen as a interactive board was more expensive than what we finally received but having the computer has allowed us to let the parents use this

c) Please include your end of project evaluation. Is this what you hoped for? Please feel free to include pictures of your event.

This has worked better than expected our maths area has helped the children's development and we have a clear increase in this when monitoring there development, this was something we were not fully meeting during the last Ofsted.  
Also allowing the parents to use the computer and being support this has helped us to build better partnerships with the parents

d) Please evidence the number of people that the project / event has reached. This would include planning, participants, project leaders etc.

Because of the nature of the business and us being open to the community it is hard to give a number at present we have 30 children on role and this has been accessible to all

e) Please include any feedback that you may have been given, publicity that you may have acquired or produced.

Parents has said that it has been great to be able to get support when the children are playing.

f) Please attach a final set of financial accounts for the project that include proof of expenditure, such as receipts and invoices.

Signed

*Johnstone*
